

WASH+OUT™

*The World's Most Innovative
Face and Eyewash Device*

Everyone needs a WASH+OUT™

- WASH+OUT™ threads onto most any common water bottle
- Safe and immediately accessible: quickly and easily removes dirt and debris from face and eyes
- **First-Aid necessity**
- Ergonomic design provides a comfortable fit for either left or right eye
- Spray action replicates that of a stand-alone eye flushing station, and acts as a preventative device when used as a facewash: removing debris from the face before it enters the eye
- Made of durable and re-usable thermoplastic polymer – dishwasher safe
- **Veteran owned and made entirely in the USA**
